1. Field Notes - Add to file

2. Narrative Report

- + sell parts
+ tractors
- What does Draper Tractor do? What are plans for site?
 - Was the name of the oil refinery(s) known?
 - Sand & gravel
 - Nature of the soils in the area? Clay, sand, gravel? (not necessarily to say "right" or . . .?)
 - East ~ 300'
 - Where is the well relative to the wastes? (sketch?)
 - Draper
 - Who said the well was not affected?
 - Tosco Inc.
 - How was that determined? Are analyses available from Mr. Draper or the state? Well not tested
 - Who drinks water from the well? Is it greatly used?
 - Is Tosco doing anything on their waste ponds to remove or treat the wastes?
 - Are aerial photos on file with Sacea?

* - Recommendation - separate memo ^{to Birch (no} ~~from you (re)~~ ~~sent~~

~~from you (re)~~ with "Prepared in Anticipation of Litigation" on it. (I'll talk with Ben on this. For now - a separate sheet anyway and are attached.

Ben,

For your review.

Jim showed me an earlier draft version on 3-31 which lacked some field notes and info on form. I gave him a list of my review notes and this draft reflects changes and completion of some missing info on the form.

Carolyn Wilson

P.S. Since some of my review comments were "answered" by Jim on the list, I'm leaving it with the file.

P.P.S. Jim actually talked to TOSCO so (over)

I think we ~~should~~^{could} ask
Jim to do an inspection
report ~~on~~ on it. Neil
Thompson says if the State
was along, we could add
that site to our count.
(The State was along with Jim.)
